Introduction

Gaze up at Peru's dazzling peaks and into picturesque valleys to understand why the Andean mountains were sacred for the Incas. This well-paced holiday combines the wonders of the Amazon Jungle with the fascinating history of Cusco. Enjoy a memorable train journey through the heart of the Sacred Valley to Machu Picchu and breathe in the magical spirit of the Incas.

Cusco is located a spectacular 3450 metres above sea level, so it's important to be patient as your body adjusts. See the 'Essential Trip Information' section for information on altitude sickness.

Tradition runs deep in beautiful old Cusco, so a little homework will put you in good stead. Ask your leader about photography etiquette. The Amazon Jungle can be very hot and humid, so it's important to drink plenty of water and wear light cotton clothing. Make sure you also bring tropical strength insect repellent. The weather can be unpredictable in the Andes. Be sure to bring warm clothes and prepare for all elements. Send us Email jose@sejournsrubio.com
